Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my left ran the red and struck the driver's side of my car. The impact spun my vehicle partway around and pushed it onto the curb. I held the steering wheel and braced myself, but my left wrist hit the door frame and I felt an immediate, sharp pain. Paramedics arrived within minutes and I was taken to the emergency room, where an X-ray confirmed a fractured wrist. I have told this same account every time I have described the collision, to the officer at the scene, to the medical staff, and to my insurer. I am the named driver on this policy and I am submitting this statement for review.
