Description of the accident (claimant's words)

I was stopped at a red light on a main road in Conroe, Texas, when the car behind me struck the rear of my vehicle. The impact pushed me forward against my seatbelt and then snapped my head back. I got out and spoke with the other driver and the responding officer, and I have described the event the same way every time I have been asked about it. I am the named driver on the policy for the vehicle I was operating. Within a few hours my neck and upper back were stiff and sore, and by the next morning I had a headache and pain turning my head. I was diagnosed with whiplash and have been attending physical therapy since. I am submitting this statement so the claim can be reviewed.
