Description of the accident (claimant's words)

I was stopped at a red light on a main road in Sugar Land, Texas, when the car behind me hit the rear of my vehicle. The impact was firm enough to push me forward against my seatbelt, and I felt a sharp pain in my right knee when it struck the dashboard. I got out and spoke with the other driver, who confirmed that they had not stopped in time. I am the named driver on this policy, and I have kept the same account of what happened since that day, although I have remembered a few smaller details since then, such as the color of the traffic lights and the brief delay before the other car moved. My knee has been swollen and painful when I bend it, and I have been seeing a doctor about it.
