Reported injury:	whiplash

Description of the accident (claimant's words)

I was driving solwly through a residential intersection in Pasadena, Texas, when the car in front of me stopped suddenly. I braked, but the vehicle that was behind me could not stop in time, and the imapct pushed my car forward into the car ahead. The collision was low speed, but my head snapped forward and back, and by the next morning my neck and upper back were stiff and sore. I have described these events the same way every time I have spoken about them, to the other driver, to the responding officer, and to my own insurer. I live at the policyholder's home and I drive the vehicle as a member of that household, and I am asking that this claim be reviewed under that coverage.
