Description of the accident (claimant's words)

I was backing out of a space in the parking lot of a grocery store in Katy, Texas, when my rear bumper struck the side of a pickup that was pulling through the aisle. The impact was low speed, but my head snapped forward and then back against the headrest. I felt dizzy and nauseous almost immediately, and a headache built over the next hour. I was taken to an urgent care clinic, where I was diagnosed with a concussion and advised to rest from screens and driving for several days. I have given the same description of what happened to the store staff, the responding officer, the clinic staff, and the adjuster, and I have no changes to add. I am the named driver on the policy listed on this form, and I am submitting this statement so the claim can be reviewed.
