Claim Notes

Claim number:	C-1164
Claimant:	Jack Fritz
Adjuster:	Christopher Wong

2023-11-21

Claim received for a collision at an intersection where the insured's vehicle was turning left and was struck by an oncoming vehicle. The claimant reports neck and back strain and is not represented by an attorney. The driver is named on the policy, and the coverage was in force at the time of loss with no indication of earlier dmaage to the vehicle.

2023-11-30

Police report and two independent witnesses confirm the accident occurred as described, and the other driver's statement matches. Photographs of the scene and both vehicles are on file. The claimant was confirmed to be in the vehicle at the time of the crash.

2024-01-24

The claimant's account has stayed consistent across every conversation so far, including the initial call and the recorded interview. The reported injuries fit the type and force of the impact seen in the vehicle photos.

2024-02-02

Medical records show a history of a minor strain in the same area several years ago, which resolved fully with no ongoing limitation. Treatment following this accident has run somewhat longer than is typical for this kind of injury, and the provider notes are being requested to review the course of care.

2024-02-08

It is not yet clear how much of the current symptoms and damage stems from this impact versus the earlier strain or other factors. A records review and possibly an independent medical review will be needed to separate those contributions.

2024-03-13

Nothing in the file suggests the damage predates the policy's effective date. Next step is to obtain the complete treatment records and the independent review results before setting a reserve and deciding on the bodily injury evaluation.

Recorded Statement

Claim number:	C-1164
Statement of:	Jack Fritz
Taken by:	Christopher Wong
Date:	2023-11-19

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just go by my first name for now, but that's fine.

Q: That's acceptable. Can you describe where you were when the collision happened?

A: I was driving through an intersection in League City, Texas, headed toward a shopping center. I was making a left turn across the opposite lanes.

Q: What was the weather and road condition like?

A: It was clear and dry. Traffic was fairly light, maybe a few cars behind me.

Q: Tell me what you saw before the impact.

A: I looked for oncoming traffic and saw a car a fair distance off. I started the turn, and then a vehicle came through from the other direction much faster than I expected. I tried to stop but the front of my car met the side of theirs.

Q: Did you have a green light or a turn arrow?

A: I believe it was a green light with the turn signal on. I'm fairly sure of that.

Q: Were you injured?

A: Yes. My neck is stiff and sore, and my lower back has been aching since the collision. The seatbelt pulled hard across my chest.

Q: Have you seen a medical provider about tehse symptoms?

A: I was checked at an urgent care clinic the same day, and I have a follow-up appointment scheduled with my primary doctor next week.

Q: Did the airbags deploy in your vehicle?

A: No, they did not. I was able to get out of the car on my own.

Q: Is there anything you would like to add to your statement?

A: Only that I'm cooperating fully and I want the other driver's insurer to know I was careful going through that intersection.

Q: Thank you. This concludes the rceorded statement.
