Description of the accident (claimant's words)

I was making a left turn at an intersection in League City, Texas, when another vehcile struck the side of my car. The impact jolted me forward and then back against my seat, and I felt an immediate tightness across my neck and lower back. I have given the same description of what happened eevry time I have spoken about the collision, whether to the ohter driver, the responding officer, or the claims representative, and I have nothing to add or change. I am the named driver on this policy, and I am submitting this statement so the claim can be reviewed. I have since been seeing a doctor for the neck and back strain and will provide any treatment records requested.
