Claim Notes

Claim number:	C-1165
Claimant:	Nicole Thompson
Adjuster:	Darin Tyler

May 22, 2024
The insured reported a rear-end collision at a stoplight, with the claimant's vehicle stopped in front of their car. The claimant is represented by counsel, and all further contact will go through the attorney's office.

June 5, 2024
Photos from the scene and the other driver's statement both confirm the accident happened as described. Police and two independent witnesses place the claimant inside the vehicle at the time of impact.

June 16, 2024
Damage to the rear bumper and trunk lid matches the described impact, and no earlier damage to the vehicle is known. Nothing in the file suggests the damage predates the policy's effective date. The insured is named on the policy as the listed driver.

June 24, 2024
The claimant reports neck and back strain, which fits the kind and force of a rear impact of this type. A prior minor strain in the same area years ago is noted in the records and had fully healed before this loss.

September 23, 2024
The claimant's treating provider followed a usual course of care, and treatment tapered as the patient improved. Counsel has provided the treatment records and billing for review.

December 5, 2024
The claimant added a few small details in a later recorded statement, but the core account of the accident has stayed the same across each telling. Those additions do not conflict with the photos or witness accounts.

December 11, 2024
Based on the consistent account, matching vehicle damage, and treatment records, the claim is moving forward for standard evaluation. Next step is to request the complete medical file and confirm the outstanding bills with counsel.

Recorded Statement

Claim number:	C-1165
Statement of:	Nicole Thompson

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident and my injuries, if that's okay.

Q: That works. Can you tell me where you were driving when the collision happened?

A: I was on a main road in Sugar Land, heading toward a shopping center. Traffic had slowed down ahead of me, so I was already stopped at a light.

Q: And what happened next?

A: I felt a hard jolt from behind. My head snapped forward and then back against the headrest. The other car had hit me while I was stopped.

Q: Did you get out of your vehicle and spaek with the other driver?

A: Yes, we exchanged information. He said he looked down at his phone for a second and didn't see the stopped traffic in time.

Q: Were there any police or emergency responders at the scene?

A: An officer came out and took a report. I think the paramedics checked on me too, but I didn't go in an ambulance.

Q: Have you sought medical treatment since the accident?

A: I went to urgent care the same day. They told me I had a neck and back strain. I've been doing physical therapy twice a week since then.

Q: How would you describe your pain right now?

A: My neck is stiff, especially when I turn to check my blnid spot. My lower back aches after I sit for more than about thirty minutes, and I've had trouble sleeping through the night.

Q: Have you missed any work or daily activities because of the injuries?

A: I've had to leave early a couple of times because sitting at my desk is uncomfortable. I've also cut back on yard work and lifting groceries.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm following my doctor's plan and I want to get back to normal as soon as I can.

Q: Thank you. This concludes the statement.

A: Thank you.
