Claim Notes

Claim number:	C-1170
Claimant:	Gabriela Watkins
Adjuster:	Chelsea Hebert

15 Jul 2025
The claimant reported a rear-end collision at a stop and said the other vehicle struck them from behind while they were stopped in traffic. Initial intake recorded neck and back strain as the injuries described.

6 Oct 2025
The claimant's account of the crash has stayed the same in every conversation so far, including the sequence of events and the position of both vehicles. The driver is named on the policy, and coverage was in force at the time of loss.

13 Oct 2025
Police and two independent witnesses confirm the claimant was in the vehicle and that the impact occurred as described. The other driver has also given a statement that matches the claimant's version.

14 Nov 2025
Photos from the scene show rear-end damage that lines up well with the described impact. Repair estimates for the vehicle follow the same damage pattern, and no earlier damage to the vehicle is known from our records or the prior claims search.

22 Dec 2025
The reported neck and back strain fits the kind and force of a rear impact of this type. Medical records show no earlier injury to the same body areas.

25 Dec 2025
Treatment has continued for somewhat longer than is typical for this injury, with follow-up visits spread over several weeks. The treating provider has documented ongoing symptoms and a plan for physical therapy.

4 Jan 2026
Nothing in the file suggests the vehicle damage occurred before the policy coverage began. The effective date and the loss timeline remain consistent across the policy records and the claim intake.

1 Feb 2026
The claimant is not represented by an attorney and has been cooperative with requests for records and a recorded statement. No contact from outside representation has been received to date.

4 Feb 2026
Based on the current file, the claim is progressing normally, and the bodily injury evaluation will continue once the final treatment records are received. Next steps are to obtain the outstanding imaging reports and schedule a follow-up with the claimant.

Recorded Statement

Claim number:	C-1170
Statement of:	Gabriela Watkins
Taken by:	Chelsea Hebert
Date:	9 Jul 2025

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision in Conroe, Texas. Please state your full understanding of what happened.

A: I was stopped at a red light on the main road heading north. Traffic was backed up a little, so I had come to a complete stop and had my foot on the brake.

Q: Where were you positioned in the lane when you stopped?

A: Right behind a white sedan in the right lane. I left a normal gap, maybe a car length.

Q: What happened next?

A: I felt a hard jolt from behind. My head snapped forward and then back against the headrest. The car behind me hit me going, I'd guess, faster than traffic was moving.

Q: Did you see the other vehicle before the impact?

A: Only in the mirror for a second. It looked like a dark pickup, and I didn't have time to react.

Q: Were you able to drive your car from the scene?

A: The rear bumper was damaged and the trunk wouldn't close right, so it had to be towed. I walked over to the curb while we waited for the police.

Q: Did you seek medical attention?

A: Yes, I went to urgent care that evening. My neck was stiff and sore, and my lower back ached and tightened up through the night. They diagnosed a neck and back strain and gave me muscle relaxers and a referral to a physical therapist.

Q: Are your symptoms getting better or worse?

A: A little better each week, but I still get stiffness when I sit for long periods, and I can't lift anything heavy without my back complaining.

Q: Is there anything else you would like to add?

A: Only that I was stopped, I was not distracted, and I'm willing to provide my records and the repair estimate whenever you need them.

Q: Thank you. This concludes the statement.
