Description of the accident (claimant's words)

I was turning left at an intersection in League City, Texas, when another vehicle struck the side of my car. I had slowed down and was waiting for a clear gap before completing the turn, so I was moving very slowly at the moment of impact. The collision twsited my body toward the driver's side and my left knee hit the dashboard and door frame. I felt sharp pain right away and had trouble putting weight on the leg. I gave the same description of how the collision happened to the officer at the scene, to the other driver, and later to the adjuster when I called in the claim. I am the named driver on this policy, and I have kept copies of the police report and my medical discharge ppaers for the file.
