Claim Notes

Claim number:	C-1173
Claimant:	James Powell
Adjuster:	Jerry Hanson

2024-11-06
First notice of loss came in reporting a rear-end collision at a low-speed intersection. The driver involved is named on the policy, and the vehicle was towed to a repair facility for inspection.

2024-12-17
Claimant's counsel confirmed representation and asked that all contact go through their office. Scene photos were uploaded, and they confirm some of the details the parties have described.

2024-12-23
The vehicle inspection is complete. The damage to the rear bumper and trunk area is mostly in line with the described impact, and nothing found so far suggests earlier damage. The repair estimate is under review.

2025-01-06
Initial medical records describe a neck strain, and the kind and force of the crash fit that injury well. No prior treatment to the same body area appears in the records received so far.

2025-01-13
Recorded statement taken from the claimant through counsel. The account matched the first notice and every earlier conversation. It is still unclear where in the vehicle the claimant was sitting at impact, so a follow-up question was sent.

2025-01-14
No independent witnesses have come forward, so the file rests on the parties' accounts and the photos. Treatment has run somewhat longer than usual for this injury, and complete treatment records for the full period have been requested.

2025-01-25
Coverage was confirmed in force at the time of loss, and nothing suggests the damage predates the policy start. The claim stays open pending the outstanding treatment records and the response to the follow-up question.

Recorded Statement

Claim number:	C-1173
Statement of:	James Powell
Taken by:	Jerry Hanson
Date:	2024-11-05

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision in Baytown, Texas. Please state your full name for the record.

A: I'd rather just go by the first name, if that's okay, but I'm the driver of the vehicle that was struck.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was stopped at a traffic light on a main road, waiting for the light to turn green. Traffic was moving steadily in the other lanes.

Q: What happened next?

A: I felt a hard jolt from behind. My car was pushed forward into the intersection and my head snapped back, then forward.

Q: Did you get out of the vehicle at the scene?

A: I did, but I felt stiff almost right away. I didn't think much of it at first.

Q: Have you sought medical attention since the collision?

A: Yes, I went to urgent care the same evening. They told me I have a neck strain and gave me instructions to rest and take anti-inflammatory medication.

Q: Are you experiencing any symptoms right now?

A: Yes. My neck is sore, especially when I turn to check my blind spot while driving. I also get a dull headache by the end of the day.

Q: Have you missed any work because of your injuries?

A: I took two days off to rest, and I've been limiting how long I sit at my desk.

Q: Is there anything else you think I should know about the collision?

A: Only that I'm following my doctor's recommendations and I'm willing to provide any records you need.

Q: Thank you. That concludes our statement.
