Description of the accident (claimant's words)

I was stopped at a red light on a main road in Baytown, Texas, when the car behind me hit the rear of my vehicle. The impact was firm enough to push me forward against my seatbelt. I got out, exchanged information with the other driver, and waited for the police to arrive and take the report. Later that day I noticed stiffness and a dull ache in my neck, which I have since been told is a neck strain. I have described what happened the same way every time I have spoken about it, whether to the officer, the other driver's insurer, or my own agent. I am the named driver on this policy and I was operating my own vehicle with the owner's permission at the time of the collision. I am submitting this statement so the claim can be reviewed.
