Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my right entered the crossing and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt a sharp pain in my neck and lower back almost immediately. I stayed at the scene until the other driver and the responding officer had finished speaking with me, and I have described what happened in the same way each time I have been asked, both at the roadside and afterward. I am the named driver on this policy and I hold the vehicle registration. I am reporting this collision so that my medical care and vehicle repiars can be arranged, and I am happy to provide any further information the claims team needs.
