Bodily Injury Unit

Claim Notes

Claim number:	C-1176
Claimant:	James Roth
Adjuster:	Alison Sweeney

5-14-25
Side impact reported at an intersection. The insured vehicle was struck on the driver's side by another car. Police attended the scene and confirmed the claimant was seated in the vehicle at the time.

6-2-25
Claimant is represented by counsel, and all contact is now routed through the attorney's office. Photos from the scene confirm some details of the collision, though no independent witnesses have come forward.

6-4-25
Vehicle inspection completed. Damage is mostly consistent with the described impact, and no earlier damage to the vehicle is known. Nothing in the file suggests the damage predates the start of coverage.

6-19-25
Reviewing the policy, the driver at the time of loss is listed as a person who is not permitted to drive the insured vehicle. Referred the matter to the coverage team for review before any further decision is made.

9-7-25
Claimant reports a knee injury from the collision. Medical records show treatment followed a usual course and eased off as the patient improved. No earlier injury to the same area is known, but it is not yet clear whether this crash caused the injury.

9-21-25
Claimant's account has been taken again through counsel. Some small details were added since the first statement, but the core account has stayed the same. File remains open pending the coverage review and the medical assessment.

Recorded Statement

Claim number:	C-1176
Statement of:	James Roth
Taken by:	Alison Sweeney
Date:	3-18-25

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on the recording, if that's okay. I can confirm I was the driver of the vehicle involved.

Q: That's fine. Can you walk me through what happened at the intersection in Pasadena?

A: I was heading through a four-way intersection on a green light. Another car came from my right side, and it didn't stop for its red. It hit the passenger side of my car pretty hard.

Q: Do you recall the signal for the other vehicle?

A: It was red for them. I'm fairly sure of that because I had just looked up when the light changed for me, and they were already moving into the lane.

Q: How fast do you think you were traveling?

A: Probably around the posted limit, maybe a little under. I wasn't rushing.

Q: Were you wearing your seatbelt?

A: Yes, I was. The airbag on my side went off, and the belt held me, but my right knee slammed into the dash and the lower part of the door frame.

Q: Did you get medical attention?

A: The paramedics checked me at the scene. I went to the emergency room later that day. They took X-rays and said there was no fracture, but I've been told there's some ligament damage and I'm waiting on a follow-up with an orthopedic doctor. I'm on crutches for now.

Q: Is there anything else you'd like to add?

A: Only that I'm trying to keep track of my medical bills and time off work, and I'd appreciate knowing what the next steps are for my claim.

Q: Thank you. This concludes the statement.
