Description of the accident (claimant's words)

I was driving through the intersection in Pasadena, Texas, when a car coming from my right ran the signal and struck the passenger side of my vehicle. The impact pushed my car sideways across the lane. My right knee hit the dashboard, and sharp pain set in almost immediately. I stayed at the scene until the officer arrived and gave my statement then. Since the event, I have been asked to describe what happened several times, and I have remembered a few small details, such as the other vehicle's color and where the broken galss landed. My core account has not changed. I also need to state that I am named on this policy as a person who may not drive this car. I was behind the wheel that day because the listed owner asked me to move it, and I understand this fact is part of my statement.
