Description of the accident (claimant's words)

I was changing lanes on a busy stretch of road in Katy, Texas, checking my mirror and signaling before I moved over. As I merged, the vehicle beside me drifted into my lane and its side clipped my car, pushing me towrad the shoulder before I colud steer back. My car scraped along the gaurdrail but I kept control and pulled onto the shoulder. I stepped out to check the damage and felt a sharp pain in my right knee, which I had struck aganist the door frame during the impact. I have given the same account of what happeend to every person who has asked me about it, including the officer at the scene and the adjuster I have spoken with since. I am the named driver on this policy and I am submitting this claim in my own capacity. I have kept photos of the vehicle damage and will provide my medical records for the knee injury on request.
