Claim Notes

Claim number:	C-1179
Claimant:	Nathan Velasquez
Adjuster:	Christopher Wong

April 17, 2025
Claim opened after the claimant reported a low-speed collision in a parking lot and a neck injury diagnosed as whiplash. The claimant is not represented by an attorney, so all contact will be direct.

April 18, 2025
Spoke with the other driver, who confirmed the vehicles made contact in the lot the way the claimant described. Both parties agree on the sequence of events.

April 25, 2025
Obtained statements from two witnesses and photos of both vehicles. The witnesses and photos match the reported impact, and the damage appears largely consistent with it.

May 17, 2025
Police report lists the claimant as a passenger in the vehicle at the time of the collision, which matches the claimant's account. The policyholder confirmed the driver lives in the household and is listed as a covered member.

May 18, 2025
The claimant's medical records show treatment that followed a typical course for this type of injury, with visits tapering off as symptoms improved. No prior injury to the neck or upper back appaers in the records.

June 16, 2025
Prior-loss records turned up a claim involving major damage to the same areas of the vehicle from an earlier accident that was never reported to us. The curernt claim presents that damage as new, so this needs to be reconciled before any payment decision.

August 12, 2025
The claimant later added a few smaller details, such as the position of the other car and how long the vehicles stayed in contact, but the core account has not changed. Nothing in the file suggests the damage happened before the policy's coverage start date.

September 14, 2025
Reviewed the file and noted the open question about the earlier unreported damage. Next step is to request the prior repair estimate and speak with the claimant about that history before closing the injury and property portions of the claim.

Recorded Statement

Claim number:	C-1179
Statement of:	Nathan Velasquez
Taken by:	Christopher Wong
Date:	April 19, 2025

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported in Sugar Land. Please state your full name for the record.

A: I'd rather just leave my name out of it for now, if that's okay. I'm the driver of the vehicle that was hit.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was backing out of a parking space near the front entrance of the shopping center. The lot was pretty busy, with cars moving in every direction.

Q: What happened next?

A: I checked my mirrors, saw nothing behind me, and started reversing slowly. Then I felt a jolt on the driver's side. Another car had come down the aisle and clipped the rear quarter panel of mine.

Q: Did you see the other vehicle before the impact?

A: Not until right at the end. It was coming up the lane faster than I expected, and by the time I noticed it, there was no time to stop.

Q: Did you exit your vehicle after the collision?

A: Yes, I got out and walked around to look at the damage. Both cars had some scrapes and a dented bumper. The other driver came over and we exchanged information.

Q: How are you feeling physically since the collision?

A: My neck is really stiff, and I've got a constant ache in the upper back. Turning my head to look over my shoulder hurts quite a bit. I started physical therapy a few days ago, and I've been taking over-the-counter pain relievers.

Q: Have you sought any medical treatment?

A: Yes, I went to an urgent care clinic the same day. They diagnosed me with whiplash and told me to rest and follow up with my doctor.

Q: Thank you. Is there anything else you'd like to add?

A: Only that I'm trying to get back to normal, and I'd appreciate a prompt response on the repair estimate.
