Description of the accident (claimant's words)

I was driving through the intersection in Pearland when a vehicle coming from my right struck the side of my car. The light had been green for me, and I remember clearly that I had already started moving through when the impact came. My car spun partway around before stopping at the curb. I was shaken, and I felt sharp pain in my left wrist almost immediately, so I did not try to move my hand. I have described what happened the same way to the officer at the scene, to the adjuster, and to the medical staff who treated me. I am the named driver on this policy, and I was operating the vehicle with the permission and knowledge of the policyholder at the time. I am submitting this statement so the claim can be reviewed, and I am willing to provide any further details or photographs that would help.
