Appraiser remarks

The vehicle shows scraping and a dented rear quarter panel on the passenger side, with paint transfer and a cracked side mirror housing, all consistent with a sideswipe during a lane change. The damage pattern lines up with the impact as described, and no prior damage to this vehicle is known from our records. The proposed repair plan covres panel replacement, refinishing, and mirror assembly, and the labor hours submitted fit the work required. Two similar charges submitted on the same day are being reviewed before the estimate is finalized.
