Claim Notes

Claim number:	C-1183
Claimant:	Michael Ochoa
Adjuster:	Valerie Rodriguez

2024-09-23
Parking lot collision reported by the insured driver, who is named on the policy. Vehicle damage appears consistent with the described low-speed contact at the rear bumper.

2024-10-04
Police attended the scene and confirmed the claimant was present in the vehicle at the time. Photos taken at the scene show the damage and the general layout of the lot.

2024-11-29
Claimant has reported a knee injury and is now represented by counsel. All further contact is to go through the attorney's office.

2024-11-30
No independent witnesses have come forward. The only accounts on file are from the claimant and the insured driver.

2025-01-15
Checked prior claims history. No earlier damage to the vehicle is recorded, and nothing suggests the damage predates the coverage start.

2025-01-16
Attorney's demand package received, describing ongoing knee treatment. Medical records requested to review the diagnosis and treatment course.

2025-02-27
Medical records show an initial evaluation followed by a standard course of physiotherapy. Improvement was noted at each follow-up visit and the frequency of treatment reduced over time.

2025-03-10
Records reviewed and no prior injury or complaint involving the same knee is noted in the claimant's history. The severity of the reported injury sitll seems high for an impact of this force.

2025-03-28
Claimant's recorded account has changed slightly since the first interview, with a few added details about the moment of impact. The core description of the event remains the same.

2025-04-04
Medical opinion requested from the review nurse on whether the injury matches the mechanism described. Response indicates the treatment was appropriate but the link between the impact and the severity of the injury needs further review.

2025-04-08
File referred for further review pending the medical opinion and attorney correspondence. No payment decision has been made at this stage.

Recorded Statement

Claim number:	C-1183
Statement of:	Michael Ochoa
Taken by:	Valerie Rodriguez
Date:	2024-09-06

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported in Baytown, Texas. Please state your full name for the record.

A: I'd rather just give you my first name for now. It's fine to continue.

Q: That works. Can you describe what you were doing right before the collision?

A: I had just pulled into a space near the store entrance. I was backing out slowly because the lot was crowded, and I had checked my mirrors before moving.

Q: Where was the other vehicle when you first noticed it?

A: It came around the end of the row from my right. I didn't see it until it was pretty close. I tapped the brakes, but we still made contact on the rear quarter panel of my car.

Q: Were you wearing a seatbelt, and did the airbags deploy?

A: Yes, I had my belt on. The airbags did not deploy. I felt a hard jolt forward and then back.

Q: Did you feel any pain or injury right after the impact?

A: Not right away. About an hour later my left knee started to swell and it got hard to bend. I went to urgent care that evening and they took X-rays and told me to keep it wrapped and off stairs.

Q: Have you seen a doctor since then?

A: Yes, I have a follow-up scheduled with an orthopedic clinic. They mentioned it could be a ligament strain, but they want an MRI before deciding anything.

Q: Thank you. Is there anything you would like to add to your statement?

A: Only that I want the claim handled quickly, since I'm missing work and can't drive comfortably right now.

Q: Thank you. That concludes this statement.
