Description of the accident (claimant's words)

I was backing out of a parking spcae at a shopping center in Conroe, Texas, when my vehicle struck the side of a car that was pulling through the lane behind me. I had checked my mirrors and moved slowly, but the impact sitll jolted me forward and then back against my seat. I hit my head on the steering wheel and the window frame. Within an hour I had a throbbing headache, sensitivity to light, and trouble focusing, and I was later diagnosed with a concussion. I have described these events the same way to the responding officer, the adjuster, and my doctor. I am the named policyholder on this policy, and I am submitting this statement to support my claim for medical expeness and vehicle repairs.
