Bodily Injury Unit

Claim Notes

Claim number:	C-1188
Claimant:	Vincent Bryant
Adjuster:	Alison Sweeney

03/25/2024
Claim opened after a low-speed head-on collision. The claimant reports neck pain and is represented by counsel, who has asked that all contact go through their office.

03/29/2024
Police report, photographs and statements from the other driver and two independent witnesses all describe the collision as the claimant has described it. The claimant is confirmed as a passenger in the vehicle at the time.

04/03/2024
Repair estimate matches the impact pattern shown in the photographs. Vehicle history shows no prior damage claims, and no earlier damage to the vehicle is known from inspection.

04/06/2024
The claimant's account has stayed consistent across the first statement, the recorded interview and the written submission. The injury description fits the force of the impact. Medical records show a prior minor strain in the same area that resolved fully some years ago.

05/27/2024
Treatmnet has run somewhat longer than is typical for this injury, and the physiotherapy schdeule is being reviewed against standard recovery timelines. A neighbor has told the field adjuster they believe the car was already damaged some weeks before the claimed date, but this has not been confirmed by any other source.

07/13/2024
The dirver at the time of loss is not named on the policy and does not live with the policyholder, so the permissive use question is being checked against the policy terms. Referred to the supervisor for review of coverage and the treatment timeline before any settlement offer is made.

Recorded Statement

Claim number:	C-1188
Statement of:	Vincent Bryant
Taken by:	Alison Sweeney
Date:	02/26/2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on the recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you tell me where the collision happened?

A: It was an intersection in Pasadena, Texas, near a shopping center. I was heading down the main road when the other car came toward me in my lane.

Q: How fast were you traveling?

A: Not fast at all. I was coming up on the light and slowing down. I'd say maybe fifteen miles an hour, maybe less.

Q: And the other vehicle?

A: It was also moving slowly. It drifted over and we met nearly head-on. It wasn't a hard hit, more like a crunch and a shove.

Q: Did either airbag deploy?

A: No, nothing deployed. The car stopped pretty quiclky and I just sat there for a moment.

Q: Were you wearing a seatbelt?

A: Yes, I was belted in.

Q: Have you sought medical attention since the collision?

A: I went to urgent care the same afternoon. My neck was stiff and sore, and they diagnosed me with a neck strain. I've been doing stretches and taking over-the-counter pain relief.

Q: Are you experiencing any pain or stiffness now?

A: Yes, mostly when I turn my head to check my blind spot, and it's worse in the mornings.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm cooperating fully and I can provide the urgent care paperwork whenever you need it.

Q: Thank you. This concludes the statement.

A: Thank you.
