Claim Notes

Claim number:	C-1190
Claimant:	Wayne Smith
Adjuster:	Darin Tyler

9-22-25
First notice of loss received for a low-speed head-on collision. The claimant is represented by counsel, and all further contact will go through the attorney's office.

10-1-25
Police report obtained and confirms the claimant was in the vehicle at the time of the collision. The other driver and two independent witnesses describe the accident in the same way the claimant did.

10-12-25
Photographs of the damage reviewed. The front-end damage to the claimant's vehicle lines up with the impact described and with the other vehicle's damage.

10-20-25
Confirmed the driver is named on the policy and that the policy was in force on the date of loss. Nothing in the file points to earlier damage to the vehicle, and the damage appears to have occurred on the reported date.

11-10-25
Counsel submitted the medical summary showing a shoulder injury. The type of injury and the force of the crash are consistent with each other.

12-10-25
Records show no prior treatment or complaints involving the same shoulder. Recovery has taken somewhat longer than is typical for this kind of injury, so the treating provider's notes are being reviewed.

12-23-25
Claimant gave a recorded statement through counsel. The account matches what was given at first notice and in every later conversation.

2-19-26
Reviewed the treatment timeline with the medical reviewer. Duration is longer than usual, but the provider has documented reasons tied to the injury, and the file is being kept open pending those records.

3-9-26
File status updated to pending medical review. No coverage issues identified at this time, and next step is to request the complete treatment records from counsel.

Recorded Statement

Claim number:	C-1190
Statement of:	Wayne Smith
Taken by:	Darin Tyler
Date:	7-19-25

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's okay.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was driving through an intersection in Baytown, Texas, heading east. The light had been green for me.

Q: What was the traffic like at that time?

A: Pretty light. It was mid-morning, so not many cars around.

Q: Which direction was the other vehicle traveling?

A: It came toward me from the opposite direction. It was in my lane when it hit me, or at least it crossed over into my lane.

Q: How fast were you going?

A: Not fast at all. I was maybe twenty miles an hour, trying to be careful at the intersection.

Q: Did you brake or swerve before impact?

A: I tried to brake and turned a little to the right, but there wasn't much room.

Q: How would you describe the impact?

A: It wasn't a hard crash, more of a bump, but I felt something in my shoulder right away.

Q: Did you get out of the vehicle or speak with the other driver?

A: I got out for a minute. The other driver seemed fine and we exchanged information.

Q: Have you sought medcial treatment since the collision?

A: Yes, I went to urgent care that same afternoon. My right shoulder has been sore and I have limited range of motion when I lift my arm.

Q: Have you had any prior problems with that shoulder?

A: Not that I can recall. I'm not a doctor, so I can't say for sure.

Q: Is there anytihng else you would like to add to your statement?

A: Only that I'm still dealing with the pain, and I'd like to be kept updated on the claim.

Q: Thank you. This concludes the statement.
