Description of the accident (claimant's words)

I was making a left turn at an intersection in Sugar Land, Texas, when another vehicle struck the side of my car as it came through the crossing traffic. The impact pushed my car sideways and my head hit the window frame hard enough that I lost my focus for a few moments. When the paramedics arrived, I was dizzy, had a headache, and was having trouble keeping my thoughts in order, and I was later diagnoesd with a concussion. I have described what happened the same way every time I have spoken about it, whether to the officer at the scene, to the medical staff, or to my insurer. I am the named driver on this policy and I was operating the vehicle with the owner's permission at the time. I am requesting coverage for my medical treatment, time away from work, and repairs to my vehicle.
