Recorded Statement

Claim number:	C-1194
Statement of:	Zachary Jenkins
Taken by:	Christopher Wong
Date:	29 Apr 2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to what happened, but I'll go by the name on my policy.

Q: That's fine. Can you describe where you were when the collision occurred?

A: I was in the left-hand lane on the main road in League City, heading toward the shopping center. Traffic was moving slowly because of the rain.

Q: What happened next?

A: The other car came over from the opposite direction and crossed into my lane. We hit nose to nose, but it wasn't a hard impact. I'd guess we were going maybe fifteen miles an hour, if that.

Q: Did either vehicle leave the road or strike anything else?

A: No. Both cars stopped right where they hit. Nothing else was involved.

Q: Were you able to get out of your vehicle on your own?

A: Yes, I walked around for a bit. My neck felt stiff almost right away, and by that evening my lower back was sore too.

Q: Have you sought medical care since the collision?

A: I went to an urgent care clinic the next day. They said I had a neck and back strain and gave me muscle relaxers and told me to rest and do some stretching.

Q: Are you still experiencing symptoms?

A: Some. Turning my head to the right is uncomfortable, and I notice the back soreness when I sit too long at my desk.

Q: Did you have any neck or back problems before this collision?

A: Not that I can remember needing treatment for. I had a bit of stiffness now and then from sitting at work, but nothing that stopped me.

Q: Is there anything else you'd like to add?

A: Only that I'm trying to keep up with my physical therapy appointments, and I'd appreciate it if this process moves along as quickly as possible.

Q: Thank you. That concludes the statement.

A: Okay, thanks.
