Description of the accident (claimant's words)

I was driving home on a weekday afternoon when a car came into my lane on a slight curve and we collided head-on. Both of us were moving slowly, I think under twenty miles per hour, but the impact pushed my head back and then forward, and my airbag did not deploy. I stayed at the scene until the officer arrived and I told the same account to him, to the other driver, and later to the adjuster on the phone, with no changes to the sequence of events. I have been the named driver on this policy for several years and I have held continuous coverage with the company throughout. Since the collision I have had stiffness and soreness in my neck and lower back, and I have been seeing a physical therapist twice a week to manage the strain. I am submitting this statement so the claim can be reviewed, and I am willing to provide any further records needed.
