Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Sugar Land, Texas, moving slowly with my brakes applied, when a silver sedan came down the aisle and struck the rear passenger side of my vehicle. I stopped right away, got out, and exchanged information with the otehr driver before anyone left the lot. I felt a sharp pain in my right knee when I stepped down from the car, and I have had trouble bearing weight on it since. I gave the same description of how the collision happened to the store manager, to the responding officer, and to the adjuster who called me later, and I have not changed any part of it. I am the named insured on this policy and I have been paying the premiums on schedule. I am asking that the claim be reviewed so my knee treatment and the damage to my vehicle can be addressed.
