Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from my left ran its signal and struck the driver's side of my vehicle. The impact pushed my car sideways and it came to rest against the curb. I got out slowly because my lower back was already tightening up, and I have been feeling a strain there since. I have described the events in the same way to the officer at the scene, to the other driver's insurer, and to my own adjuster, and I have no changes to add. I am the named driver on my policy and I was operating my own vehicle with permission from no one else. I am asking that this calim be reviewed so my medical care and vehicle repairs can be covered.
