Claim Notes

Claim number:	C-1201
Claimant:	Brian Walsh
Adjuster:	Alison Sweeney

4-16-24
Claim received for a low-speed head-on collision. The insured's policy is active and the driver is named on it. Claimant is represented by counsel, so all further contact will go through the attorney's office.

5-7-24
Reviewed the police report and statements from two witnesses. Both confirm the vehicle was involved in the collision and that the claimant was seated in the vehicle at the time.

5-30-24
Photos from the scene and the other driver's account match the described impact. Vehicle damage is mostly consistent with the reported force of the crash, though a few older scratches may predate this loss and will be noted separately.

8-4-24
Nothing in the file suggests the damage occurred before the coverage start date. Prior policy records were checked and show no earlier loss on this vehicle.

9-3-24
Claimant reported a shoulder injury following the collision. The injury is plausible for an impact of this type and direction.

9-19-24
Medical records show the claimant had a minor strain in the same area several years ago, which healed fully. This history has been noted and does not appear to be related to the current complaint.

11-12-24
Counsel forwarded the initial treatment records. Care followed a typical course, with physical therapy and follow-up visits tapering as the claimant's range of motion improved.

11-19-24
Spoke with the claimant's attorney, who confirmed the client's account. In each conversation to date, the claimant has described the collision the same way.

11-21-24
Reviewed the latest treatment notes. The provider reports steady improvement and fewer visits scheduled going forward, which is consistent with the expected recovery timeline.

12-1-24
File is current. Remaining items are the final medical bill and the vehicle repair invoice. Reserve will be reviewed once both are received.

Recorded Statement

Claim number:	C-1201
Statement of:	Brian Walsh
Taken by:	Alison Sweeney
Date:	4-17-24

Q: Thank you for taking the time to give this recorded statement. Plaese state your full name for the record.

A: I'd rather just keep it to the accident and my injury, if that's alright.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle involved in the collision in Houston, Texas?

A: Yes, I was driving. It was a head-on thing, but honestly it didn't look like much. We were both going slow, maybe in a parking area turning onto the same road.

Q: Can you describe what happened just before impact?

A: I was turning left and the other car came straight at me. I tried to stop but there wasn't enoguh room. It was a soft hit, nothing like you see on TV.

Q: Did either airbag deploy?

A: No, I don't think so. The steering wheel didn't hit my chest or anything like that.

Q: Were you wearing your seatbelt?

A: Yes, I always do.

Q: Can you tell me about your injury?

A: My right shoulder started hurting that same evening. It's sore when I lift anything over my head or reach behind me. I went to an urgent care clinic the next morning and they gave me some pain medication and a sling for a few days.

Q: Have you seen a doctor since then?

A: I've been to my family doctor twice. They want me to do physical therapy, but I haven't scheduled it yet.

Q: Did you have any shoulder problems before this collision?

A: Not that I remember. I played some recreational softball years ago, but nothing recent.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want to get this resolved so I can get back to normal.

Q: Thank you. This concludes the recorded statement.
