Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Brian Walsh
Vehicle 2	Driver	Jennifer Clark

Officer's narrative

Officers were dispatched to a two-vehicle collision on a Houston, Texas roadway where a low-speed head-on impact had occurred between the two vehicles. Driver 1 was operating the first vehicle, which was registered to and insured under the policy held by Driver 1. Driver 2 was operating the second vehicle. A Passenger was also seated in the first vehicle at the time of impact. Driver 1 reported pain in the right shoulder and was evaluated at the scene. The reported injury is cosnistent with the mechanism of a collision of this kind. Witnesses at the scene, photographs taken by responding personnel, and statements from Driver 2 all corroborate the account of how the collision occurred. Both officers and witnesses confirmed that Driver 1 was inside the vehicle when the impact took place. Damage to the front of the first vehicle and the rear of the second is largely consistent with the described impact. Some older scratches were noted on the first vehicle's bumper, which may predate this collision and were recorded for reference only.
