Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in League City, Texas, when another vehicle came down the aisle and our cars made contact. I had checked my mirrors before moving, and I was going slowly, so I am sure the impact was minor but enough to jolt me forward against the seatbelt. Afterward I felt a sharp pain in my right shoulder, which has been sore since and limits how far I can lift my arm. I gave the same description of how the collision happened to the other driver, the store staff, the responding officer, and the adjuster each time I was asked. I am listed on the policy as a member of the household of the policyholder, who lives at the same address, and I was driving with permission. I am providing this statement so the claim can be processed under that coverage.
