Claim Notes

Claim number:	C-1206
Claimant:	Kathy Estes
Adjuster:	Chelsea Hebert

04/01/2025
Claim received for a low-speed collision in a parking lot involving the insured vehicle and a second vehicle. The claimant is represented by counsel, so all further contact goes through the attorney's office.

06/13/2025
Reviewed the policy and confirmed the driver is naemd on it and coverage was in force at the time of the loss. Nothing in the file suggests the damage predates the policy start.

08/03/2025
Obtained statements from the other driver and two witnesses, and all of them describe the collision the same way. Photos taken at the scene are consistent with that description.

08/19/2025
Vehicle damage was inspected and matches the reported impact pattern. No earlier damage to the vehicle has come up in prior claims or in the inspection.

08/27/2025
The claimant reports a knee injury from the collision. Records show no previous injury to the same area, though it is not yet clear whree the claimant was seated in the vehicle, and the medical link to this crash is still under review.

09/05/2025
Medical records show treatment that followed a typical course and eased off as the claimant improved. The claimant has given the same account of events in every conversation so far.

10/06/2025
Current status: liability is clear on the facts gathered, while the injury causation question remains open pending the treating provider's written opinion. Next step is to send the medical file to the reviewer and continue correspondence through counsel.

Recorded Statement

Claim number:	C-1206
Statement of:	Kathy Estes
Taken by:	Chelsea Hebert
Date:	03/31/2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine, we can skip that part for now. Can you describe where the collision happened?

A: It was in a parking lot near a shopping center in Conroe, Texas. I was pulling out of a space near the main entrance.

Q: What were you doing right before the impact?

A: I had my reverse lights on and was backing slowly. I was looking over my right shoulder when the other car came down the lane. I didn't see it until it was almost on me.

Q: How fast would you estimate the other vehicle was moving?

A: Not fast, maybe walking speed or a little quicker. It still hit my rear quarter panel hard enough to push me back a bit.

Q: Did you get out of your vehicle right away?

A: Yes, but my right knee gave out when I stepped down. I had to hold onto the door frame.

Q: Can you describe the knee injury?

A: It's swollen and I have trouble bending it. Stairs are the worst. I went to urgent care that afternoon and they told me to follow up with an orthopedic doctor.

Q: Have you had any prior problems with that knee?

A: I had some stiffness years ago after playing softball, but nothing that kept me from working or driving.

Q: Were you wearing your seatbelt at the time of the collision?

A: Yes, I was.

Q: Is there anything else you think I should know about the incident?

A: Just that I'm still dealing with the pain and I'm not sure how long the treatment will take.

Q: Thank you. This concludes the statement.

A: Okay, thanks.
