Description of the accident (claimant's words)

I was backing out of a parking spot at a grocery store in Conroe, Texas, moving slowly with my mirrors checked, when the other vehicle came around the end of the row and struck the rear passenger side of my car. The impact was low speed, but I felt a sharp pain in my rihgt knee when my foot pressed the brake pedal and my body jolted forward against the seatbelt. I got out, exchanged information with the other driver, and asked for a police report, which was filed at the scene. I have described the events the same way to the adjuster, to the medical staff, and to the store's manager, and I have nothing to add or change. I am the named driver on this policy and I was operating my own vehicle with the owner's permission. I am submitting this claim for the medical costs and the vehicle repairs.
