Claim Notes

Claim number:	C-1210
Claimant:	Jeremy Hicks
Adjuster:	Chelsea Hebert

09/07/2023
Claim received by phone from the policyholder's driver reporting a rear-end collision at a signalized intersection earlier today, with a report of a wrist injury to the claimant.

10/01/2023
Confirmed that the driver is named on the policy and that the policy was in force at the time of loss. Nothing in the file suggests the damage happened before coverage began.

10/31/2023
Claimant is not represented by an attorney. Statement taken and recorded; the claimant described stopping behind a vehicle that did not move in time to avoid contact.

12/08/2023
Reviewed photos submitted by the claimant. They confirm the rear bumper and tail lamp damage on the claimant's vehicle and the front-end damage on the other vehicle, which line up well with the described impact.

02/22/2024
Medical records show a wrist fracture consistent in kind and force with the crash as described. No prior injury to the same body area is known from the claimant's history or available records.

04/06/2024
Treatment has continued somewhat longer than is typical for this type of fracture. Follow-up notes are being requested to confirm the reason for the extended course.

04/07/2024
Claimant was contacted for a follow-up call. Added a few small details about the sequence of events, but the core account has stayed the same since the first report.

04/15/2024
No independent witnesses have been identified. The only available accounts are the claimant's and the other driver's, plus the photos on file.

04/23/2024
Some uncertainty remains about where the claimant was seated in the vehicle at impact. The claimant has not been able to clarify this in a way that resolves the question, so it will be noted in the file.

04/25/2024
Vehicle damage has been reviewed against the described impact and matches it. No earlier damage to the vehicle is known from prior claims or inspection records.

04/26/2024
File is being referred for the next review step. Open items are the extended treatment records and the seating position question, and the claim remains under standard handling.

Recorded Statement

Claim number:	C-1210
Statement of:	Jeremy Hicks
Taken by:	Chelsea Hebert
Date:	09/10/2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision you were involved in while driving in Pasadena, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state where you were headed when the collision happened.

A: I was on my way home from a shift. I was driving on the main road through town, in the right lane, going at a normal speed for the traffic.

Q: What was traffic like at that point?

A: It was moving but slowing down. The car in front of me stopped at a light, and I came to a stop behind it, maybe a few car lengths back.

Q: Did you have any warning before the impact?

A: Not really. I looked up at the light and then heard tires and felt a hard jolt from behind. My car lurched forward and hit the one in front of me, so it was a bit of a chain.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did you notice any injuries right away?

A: My right wrist hurt immediately. I had my hand on the wheel and it felt like something gave way. The pain got worse over the next hour, and it was swelling up by the time I got to the emegrency room.

Q: Has a doctor confirmed the injury?

A: Yes. They took X-rays and told me the wrist is fractured. I have a splint and I'm waiting to see a specialist about whether I need a cast or surgery.

Q: Thank you. Is there anything you'd like to add to your statement?

A: No, I think that covers it. I just want to get my car looked at and get my wrist treated.

Q: Thank you for your time. This concludes the statement.
