Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in Pearland, Texas, checking my mirror and signaling first, when a vehicle moving alongsdie me in the next lane sideswiped my car. I felt the impact along the driver's side and pulled over as soon as I could safely do so. My right knee struck the door frame and I have been having pain and swelling since. I have described what happened the same way each time I have spoken about it, whether to the other driver, the responding officer, or the claims representative. I am the household mebmer of the policyholder and I live at the same address, so I am listed as a covered driver under this policy. I am providing this statement so the claim can be reviewed, and I can supply any further details that would help.
