07/15/2024

Claim received from the policyholder's driver reporting a low-speed head-on collision in a parking area, with a back strain as the reported injury. Claimant is not represented by an attorney and has been aksed to confirm the policy details, which match our records.

08/20/2024

Reviewed the photos submitted by the claimant. They confirm some details of the impact, and the damage shown on the vehicle is consistent with the described collision. No independent witnesses have come forward, but the police report confirms the claimant was in the vehicle at the time.

09/03/2024

Spoke with the claimant again today. The account of how the collision happened matched what was given at first report, with the same sequence of events and the same details. No prior damage to the vheicle is known, and nothing in the file suggests the damage predates the start of coverage.

09/10/2024

Checked medical records provided by the claimant. The back strain fits the kind and force of a low-speed impact, and no earlier injury to the same area appears in the history. Treatment followed a usual course and eased off as the claimant improved.

11/21/2024

Compared the repair estimate with the damage visible in the photos and the described impact. The scope of repairs lines up well with what the collision would be expected to cause. No concerns raised about the vehicle's condition before the loss.

12/12/2024

File reviewed and all items on hand. The claimant's account stayed consistent throughout, the injury, vehicle damage, and coverage timing all fit the facts reported, and the claim is ready for the next settlement step.

Recorded Statement

Claim number:	C-1213
Statement of:	Cassandra Herrera
Taken by:	Valerie Rodriguez

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just be identified as the driver of the vehicle, if that's alright.

Q: That's fine. Can you tell me where the collision happened?

A: It was on a two-lane road in League City, Texas, near a shopping cenetr entrance.

Q: What were you doing right before the impact?

A: I was heading toward the entrance and slowing down. Another vehicle was coming from the opposite direction and turning across my lane.

Q: How fast would you estimate you were traveling?

A: Not fast at all. I'd guess maybe fifteen or twenty miles per hour. It was more of a tap than a crash.

Q: Did either airbag deploy?

A: No, nothing deployed. Both cars rolled a little and stopped.

Q: Did you get out of your vehicle after the collision?

A: Yes, I walked around for a minute, then sat back down because my lower back felt tight.

Q: Are you experiencing any pain now?

A: Yes, a dull ache in my lower back, mostly when I bend or sit for a long time. I've been taking over-the-counter pain relievers.

Q: Have you sought medical treatment?

A: I went to an urgent care clinic that same afternoon. They said it looked like a back strain and gave me some exercises.

Q: Did you have any back problems before this collision?

A: Nothing serious. I had a stiff back now and then from sitting at a desk, but I hadn't seen a doctor for it.

Q: Is there anything else you'd like to add?

A: Just that I want to cooperate fully and I'll send along any paperwork from the clinic.

Q: Thank you. This concludes the statement.
