Claim Notes

Claim number:	C-1216
Claimant:	Toni Richardson
Adjuster:	Valerie Rodriguez

4 Mar 2023
Claim opened after the insured reported being rear-ended at a stop. The claimant is represented by counsel, and all further contact will go through the attorney's office.

9 Mar 2023
Spoke with the driver named on the policy, who confirmed the vehicle and coverage details. The driver's account of the collision matches the report received at intake.

13 Mar 2023
Obtained the police report and statements from two independent witnesses. Both describe the other vehicle stopping abruptly and both confirm the claimant was seated in the vehicle at the time.

13 May 2023
Reviewed the photographs from the scene and the other driver's statement. Both are consistent with the described impact, and the other driver confirms the accident happened as reported.

7 Jun 2023
Inspected the vehicle. The damage is mostly in line with the described impact, and a few old scratches near the bumper may predate this crash and have been noted separately.

11 Jun 2023
Received the claimant's initial injury report through counsel, describing a back strain. The reported injury is plausible for a collision of this type, and no prior injury to the same body area is known to us.

20 Jun 2023
Took a recorded statement from the claimant through counsel. The account of the collision was the same as the one given at intake and in the earlier call with the claimant's office.

23 Jun 2023
Reviewed the medical records as they came in. Treatment has increased to many times the usual amount for this injury, with near-daily visits and new body areas added several weeks after the crash.

19 Aug 2023
Requested further records and an independent medical review to address the rise in treatment frequency and the new body areas. The review is pending and will be weighed against the earlier findings.

29 Aug 2023
Cehcked the policy history. Nothing in the file suggests the damage occurred before the coverage began, and the coverage was in force at the time of loss.

1 Sep 2023
Claim remains open pending the independent medical review and the attorney's response to the treatment questions. Reserves reviewed and will be updated once the review is received.

Recorded Statement

Claim number:	C-1216
Statement of:	Toni Richardson
Taken by:	Valerie Rodriguez
Date:	7 Feb 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine. We'll keep it brief. Where were you when the collision happened?

A: I was on the main road in Houston, heading toward the highway entrance. Traffic had slowed down ahead of me.

Q: What was the weather and visibility like?

A: It was clear. The roads were dry, and it was still daylight.

Q: Tell me what happened in your own words.

A: I stopped behind a car at a light. I felt a hard jolt from behind and my head snapped back against the headrest. The car in front of me was pushed a little, but I stayed where I was.

Q: Did you see the vehicle that hit you before the impact?

A: No. I was looking at the light and my mirror didn't show anything close enough to worry about.

Q: Did you get out of the vehicle at the scene?

A: Yes, I got out and talked to the other driver. He said he was looking at his phone for a second.

Q: Were there any police or emergency responders present?

A: An officer came after about twenty minutes and wrote something down. I'm not sure what it said.

Q: How are you feeling now?

A: My lower back is sore and stiff, especially when I sit for long periods. My neck is a bit tight too. I've started seeing a doctor for it.

Q: Have you had any prior injuries to your back?

A: I had a minor strain years ago, but it healed and I hadn't had trouble with it recently.

Q: Is there anything else you'd like to add?

A: Only that I want my car repaired and my medical bills taken care of. I'm willing to send you my records.

Q: Thank you. This concludes the statement.
