Claimant:	Megan Gutierrez
Adjuster:	Valerie Rodriguez

01/24/2024
First notice of loss received for a side impact at an intersection, with the insured vehicle struck on the driver's side by a vehicle that failed to yield. The claimant is represented by counsel, and all further contact is being routed through the attorney's office.

02/25/2024
Confirmed that the driver is named on the poilcy and that coverage was in force at the time of the loss. Nothing in the file suggests the damage predates the policy start.

02/27/2024
Reviewed the police report, which places the claimant inside the vehicle at the time of impact and lists the same sequence of events the claimant described at intake.

03/04/2024
Scene photographs were obtained and confirm several details of the collision. No independent witnesses have been identified beyond the parties and responding officers.

03/27/2024
Vehicle damage on the driver's side is consistent with the reported impact angle and location. No prior damage to the same panels is recorded in the claim history or in the photos on file.

04/10/2024
Claimant reports a shoulder injury. The kind of injury and the force involved in the crash appear to align well, and no earlier injury to the same body area is known from the medical history provided.

04/23/2024
Treatment followed a typical course, with physical therapy and follow-up visits tapering off as the claimant's condition improved. The claimant's account has remained the same in every conversation to date.

04/28/2024
Medical records and billing have been requested through counsel. Reserves are being reviewed against the treatment timeline as records arrive.

05/28/2024
File remains open pending receipt of the complete medical records and the attorney's demand package. Next review is scheduled once those documents are received.

Recorded Statement

Claim number:	C-1217
Statement of:	Megan Gutierrez
Taken by:	Valerie Rodriguez
Date:	10/24/2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was driving through the intersection on the main road in Sguar Land. I had a green light, or at least I'm pretty sure it was green.

Q: What happened next?

A: A car came from my right side, from the cross street. It didn't stop. It hit the passenger side of my vehicle, right near the middle of the door.

Q: Did you see the other vehicle before impact?

A: Not really. I heard the tires first, then there was a bang and my car spun a little toward the curb.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: How are you feeling physically since the collision?

A: My right shoulder is pretty bad. It hurts when I lift anything, and I can't sleep on that side. I went to urgent care that same afternoon and they said it might be a strain or something worse, so I'm waiting on a follow-up.

Q: Did you hit your head or lose consciousness?

A: No, I didn't hit my head. I was shaken up, but I stayed conscious the whole time.

Q: Is there anything else you'd like to add about the accident?

A: Just that I'm hoping this gets sorted out quickly, because I can't work the way I usually do right now.

Q: Thank you. This concludes the statement.

A: Alright, thanks.
