Description of the accident (claimant's words)

I was changing lanes on a busy road in Sugar Land, Texas, when the car in the lane beside me drifted over and clipped the rear quarter panel of my vehicle. I felt a hard jolt, pulled onto the shoulder, and checked on my passenger before doing anything else. The other driver stopped briefly, exchanged details with me, and then left the scene. I have given the same description of what happened every time I have spoken with anyone about it, including the police officer who responded and my insurer. I am the named driver on this policy and I was operating the vehicle with the owner's permission. The impact left me with a neck strain, for which I have started physical therapy and am still receiving treatment. I am filing this claim to cover the repair costs and my medical expenses.
