Recorded Statement

Claim number:	C-1219
Statement of:	Linda Lewis
Taken by:	Jerry Hanson
Date:	01/30/2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to what happened, if that's okay.

Q: That's fine. Can you describe where you were when the collision occurred?

A: I was driving on the main road in Baytown, Texas, heading toward the freeway. I was in the right lane and needed to move left because the lane was ending ahead.

Q: What did you do before you changed lanes?

A: I checked my mirror and glanced over my shoulder. I saw a car a little behind me, but it looked like it was far enough back. I put my signal on and started to move over.

Q: Did the other vehicle make contact with you?

A: Yes. The side of their car hit the rear quarter of mine. It was a scraping sort of impact, and both cars pulled slightly toward the shoulder.

Q: How fast were you traveling at the time?

A: Maybe thirty-five or forty miles an hour. Traffic was moving steadily but not quickly.

Q: Did you stop at the scene?

A: I pulled onto the shoulder and turned on my hazards. The other driver got out and we exchagned information. The police came out and wrote a report.

Q: Have you had any injuries from this collision?

A: My left knee took the brunt of it. It hit the door frame and I've had swelling and pain ever since. Walking up stairs is difficult right now.

Q: Have you sought medical treatment?

A: Yes, I was seen at an urgent care clinic that same day and I've been referred to an orthopedic doctor for follow-up.

Q: Thank you. Is there anything else you'd like to add?

A: Only that I want my car repaired and my knee looked after. That's all for now.
