Claim Notes

Claim number:	C-1220
Claimant:	Julia Price
Adjuster:	Valerie Rodriguez

04/14/2023
First notice of loss received for a rear-end collision in which the insured's vehicle was struck from behind while stopped at a traffic signal. The claimant is represented by counsel, and all further contact will go through the attorney's office.

05/28/2023
Spoke with the other driver, who confirmed the impact occurred as the insured described and admitted fault for following too closely. Police report obtained and lists the claimant as an occupant of the striking vehicle.

06/24/2023
Reviewed photos from the scene and the insured's own images; the rear bumper damage and the trunk lid deformation are largely consistent with the reported impact speed. No prior damage to this vehicle is on file.

06/28/2023
Two independent witnesses gave statements that match the sequence of events described by both drivers. Neither witness had any connection to the parties involved.

07/18/2023
Claimant reports a wrist fracture from the impact. The injury pattren is consistent with bracing against the dashboard or wheel during a collision of this force, and no prior injury to that wrist or arm appears in the records requested.

07/23/2023
Medical records received from the treating facility show a standard course of care: immobilization, a follow-up orthopedic visit, and physical therapy. Traetment tapered as the claimant's range of motion improved.

08/24/2023
Counsel's office provided a written summary of the claimant's account. It matches the recorded statement given earlier and the description given at the scene, with no material differences in the sequence or details.

09/11/2023
Confirmed with the policy file that the driver of the insured vehicle lives in the policyholder's household and is listed as a covered household member. Coverage was in force on the loss date, and nothing in the file suggests the damage predates the policy start.

10/04/2023
Medical bills and the repair estimate have been reviewed against the damage described. Charges are in line with usual rates for the treatment provided, and the repair scope matches the visible damage in the photos.

11/24/2023
Follow-up with counsel scheduled to request the complete imaging file and the physical therapy notes. No additional documentation issues identified at this stage.

11/30/2023
File remains open pending receipt of the remaining records and the final repair invoice. Reserve reviewed and maintained at the current level until treatment is confirmed complete.

Recorded Statement

Claim number:	C-1220
Statement of:	Julia Price
Taken by:	Valerie Rodriguez
Date:	04/12/2023

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the rear-end collision you were involved in in Pearland, Texas. Please state your full name for the record.

A: I'd rather just give my first name for now. It's fine to go ahead.

Q: That works. Can you tell me, in your own words, what happened leading up to the collision?

A: I was stopped at a red light on a main road, waiting to turn. I had my foot on the brake and I was looking at the light, not really paying attention to anything else.

Q: What happened next?

A: The next thing I knew there was a loud bang and my car lurched forward. I was pushed into the intersection a little bit. The other driver had been coming up behind me, and I don't think they stopped in time.

Q: Did you have a chance to see the other vehicle before impact?

A: Only in the mirror, for a second. It looked like it was moving faster than the traffic around it.

Q: Were you able to get out of your vehicle at the scene?

A: Yes, but my wrist was really throbbing. I was holding it against my chest and I could barely grip anything.

Q: Did you seek medical attention that day?

A: Yes, an ambulance took me to the emergency room. They took X-rays and said the wrist was fractured. They put me in a splint and gave me a referral to an orthopedic specialist.

Q: Are you currently receiving treatment for the wrist?

A: Yes, I have a follow-up appointment next week. I'm wearing a brace most of the time and I'm not able to drive comfortably yet.

Q: Thank you. Is there anything else you would like to add to your statement?

A: Only that I want to make sure my medical bills and lost time from work get looked at fairly. I'm still figuring out the full cost.

Q: Understood. This concludes the recorded statement. Thank you.
