Description of the accident (claimant's words)

I was stopped at a red light on a weekday afternoon, waiting to turn onto the main road in Pearland, when the car behind me hit my rear bumper hard enough to throw me forward against the wheel. I told the officer on scene excatly what happened, and I have described it the same way to the adjuster, to the clinic staff, and to my family since then. My left wrist took the worst of it. I was taken to the emergency department, where an X-ray confirmed a fracture and I was placed in a splint. I am the household member of the policyholder and I drive the vehicle regularly with their permission, so I am submitting this account as a covered driver. I have kept every discharge paper and receipt and can provide them on request.
