Claim Notes

Claim number:	C-1221
Claimant:	Cynthia Gordon
Adjuster:	Valerie Rodriguez

5-25-24
Claim opened after the insured reported a rear-end collision. The claimant is represented by counsel, so all contact will go through the attorney's office. The driver is named on the policy and coverage is being confirmed.

6-19-24
The claimant's attorney sent the initial injury notice describing whiplash. The file has no medical records yet, and it is not yet clear whether the injury came from this crash.

6-28-24
Police confirm the claimant was in the vehicle at the scene. Nothing independent confirms the accident itself: there are no witnesses to the impact, no photos and no other report.

8-28-24
The claimant's account has changed between conversations. The direction of the impact and the number of people in the car are now described differently than in the first call.

9-23-24
Inspection shows vehicle damage that matches the impact described. No earlier damage to the vehicle is known to us. A neighbor has mentioned seeing the car damaged some weeks before the claimed loss, and I am following up on that.

10-20-24
The medical records show a small strain in the same area several years ago, which healed fully. Treatment after this calim followed a usual course and tapered off as the patient improved.

12-22-24
File is being prepared for review with the injury question still open. Next steps are to request complete prior records and to schedule a recorded statement with the claimant through counsel.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Good. Can you tell me in your own words what happened on the day of the accident?

A: I was stopped at a red light in Baytown, waiting to turn left. The car behind me didn't slow down in time and hit me from the back. It wasn't a huge impact, but it was enough to jolt me forward and then back against the seat.

Q: Were you able to drive your vehicle afterward?

A: Yes, it was still drivable, so I pulled over to the side of the road and waited for the police to arrive.

Q: Did you go to a doctor or the emergency room?

A: I went to urgent care that same evening. My neck and upper back were really sore, and I had headaches the next morning. They diagnosed me with whiplash and told me to take it easy.

Q: How are you feeling now?

A: Still stiff in the neck, especially when I turn my head to check traffic. I've been going to physical therapy twice a week, and it's helping some, but I still can't sleep through the night without waking up in pain.

Q: Have you missed any work because of the injury?

A: A few days right after the accident, and I've been limiting my hours since then because sitting at my desk for long stretches aggravates it.

Q: Is there anything else you'd like to add?

A: Just that I want to be sure my medical bills and the repairs to my car get covered. I've kept all my receipts and paperwork.

Q: Thank you. We'll follow up once we've reviewed everything. Have a good day.

A: You too, thanks.
