Claim Notes

Claim number:	C-1225
Claimant:	Sandra Wright
Adjuster:	Alison Sweeney

06/04/2024
First notice of loss received from the insured driver reporting a side impact at a signalized intersection, with the claimant seated in the front passenger position. The claimant is represented by counsel, and all further contact is being routed through the attorney's office.

06/11/2024
Confirmed the driver is named on the ploicy and that coverage was in force at the time of the reported loss. No issues with the policy temrs have been identified so far.

08/06/2024
Obtained the police report, which places the claimant in the vehicle at the scene and records the same sequence of events the insured described. The responding officer noted the impact point consistent with a vehicle entering the intersection from the side.

08/16/2024
Reviewed scene photographs and statements from two independent witnesses, who both describe the collision as occurring just as the insured reported it. The other driver's statement matches on the sequence and location.

09/07/2024
Inspected both vehicles. The damage pattern on the insured vehicle lines up with the reported side impact, and the repair estiamte reflects damage consistnet with that force. No prior damage to the vehicle has come to light in the records or photos reviewed.

10/07/2024
Rceeived the claimant's medical records through counsel. The reported knee injury fits the type and force of the crash, and the treating physician documented findings in line with that mechanism.

11/09/2024
Treatment followed a typical course, with physical therapy and follow-up visits. Notes show steady improvement, and the frequency of visits tapered as the claimant recovered.

11/11/2024
Prior records show a minor strain to the same knee area several years ago, which resolved completely with conservative care and has no bearing on the current complaint according to the treating physician's notes.

11/23/2024
The claimant's account of the accident has remained the same across the recorded statement, the medical intake history, and conversations with counsel. Nothing in the file suggests the damage or injury predates the coverage period.

12/08/2024
Reviewed the file with the claims supervisor, who agreed that the liability facts, vehilce damage, and medical course are all consistent with the reported loss. No further investigation steps are needed at this time.

12/13/2024
Settlement discussions with counsel are proceeding on the basis of the documented medical treatment and property damage. File remains open pending receipt of the final billing and the demand package.

Recorded Statement

Claim number:	C-1225
Statement of:	Sandra Wright
Taken by:	Alison Sweeney
Date:	05/16/2024

Q: Thank you for taking the time to speak with me today. This recoredd statement concerns the collision you reported at an intersection in Pearland, Texas. Please state your full name for the record.

A: Sure. I'd rather keep my name off the recording, if that's okay. I'm the driver of the vehicle that was hit on the driver's side.

Q: That's fine. We'll note you as the claimant driver. Can you walk me through what happened before the impact?

A: I was heading through the intersection on a green light. I'd slowed a little because traffic was backed up on the cross street. Then a pickup came in from the left and didn't stop for its red light. It hit my door pretty hard.

Q: Did you see the pickup before it entered the intersection?

A: Not really. I glanced left when I was about to go and I didn't see anything coming. It was only a second or two before the impact.

Q: After the collision, did you remain at the scene?

A: Yes. I stayed put until the police arrived. An officer took down my information and the other driver's, and I gave a short statement there.

Q: Have you been seen by a medical provider since the accident?

A: Yes, I went to urgent care the same afternoon. My right knee took most of the force when it hit the console and the door frame. It's swollen and I can't fully straighten it. They ordered an X-ray and told me to follow up with an orthopedic doctor.

Q: Are you currently receiving treatment for the knee?

A: I'm going to physical therapy twice a week and I'm uisng a brace when I walk. Some days I can't drive for long because my leg aches.

Q: Thank you. Is there anything else you'd like to add about the collision or your injuries?

A: Just that I'm trying to get back to normal. I want the claim handled fairly, and I'll send over my treatment records as soon as I have them.

Q: Understood. This concludes the recorded statement. Thank you.
