Claim Notes

Claim number:	C-1226
Claimant:	Dawn Matthews
Adjuster:	Jerry Hanson

2024-11-15
Insured reported that the vehicle was struck while turning left at an intersection, and the claimant was identified as the driver of the other vehicle, which was stopped ahead of the insured's car.

2024-11-27
Police report on file lists the claimant as present in the vehicle at the scene, and two witnesses gave statements that match the officer's account of the collision.

2025-02-04
Photos of the insured vehicle show front-quarter damage consistent with the described impact, and no prior damage to that area appears in our records or the insured's account.

2025-02-06
Claimant is not represented and reported neck pain and whiplash symptoms at the scene, which is a plausible injury for a collision of this type. Claimant was seen at urgent care the same day.

2025-02-07
Spoke with the claimant by phone. The claimant said the other car hit the insured's car from the side while the insured was turning, with two passengers in the back seat.

2025-03-03
Follow-up call with the claimant. The claimant now describes the impact as coming from the front and says there was only one passenger, which differs from the first account. Noted the change for the file.

2025-03-20
Reviewed the claimant's medical records. Treatment followed a typical course of physical therapy and tapered off as the claimant improved. The records also mention a minor strian in the same area several years ago that resolved fully.

2025-06-12
Statements suggest the lead vehicle braked sharply with no apparent cause, and the parties appear to have a prior acquaintance. Combined with the shifting account, this pattern warrants further review before any settlement discussion. Nothing indicates the damage predates the policy start.

2025-06-23
Confirmed the driver is listed on the policy and the coverage was in force at the time of loss. Referred file to the special investigations unit for review of the account and the lead vehicle's braking.

Recorded Statement

Claim number:	C-1226
Statement of:	Dawn Matthews
Taken by:	Jerry Hanson
Date:	2024-11-16

Q: Thank you for agreeing to give this recorded statement. Can you please state your full name for the record?

A: I'd rather keep my name off this one, if that's okay. You can just refer to me as the driver of the vehicle.

Q: That works for our file. Can you describe where the collision happened?

A: It was at an intersection in Pearland, Texas. I was making a left turn across the opposing lane when another vehicle hit the side of my car.

Q: What was the traffic signal doing when you started your turn?

A: I had a green arrow for the left turn. I'm pretty sure of that. I waited for the oncoming cars to clear before I moved.

Q: Did you see the other vehicle before impact?

A: Not really. It came around the corner qucikly and I heard the brakes right before it hit. I didn't have time to react.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: How are you feeling since the collision?

A: My neck and upper back are really sore. I've been stiff when I wake up, and turning my head to check mirrors hurts. The doctor said it looks like whiplash.

Q: Have you started any treatment?

A: I've been going to physical therapy twice a week, and I'm taking anti-inflammatory medication. My doctor wants me to keep going for a few more weeks and see how it goes.

Q: Is there anything else you'd like to add to your statement?

A: Only that I was careful during the turn and I'm hoping this gets resolved so I can get back to normal driving and work.
