Claim Notes

Claim number:	C-1227
Claimant:	Michael Wells
Adjuster:	Christopher Wong

10/26/2023
Reported a left-turn collision at an intersection, in which an oncoming car struck the policyholder's vehicle as it turned. The claimant is represented by counsel, so all contact will go through that office.

11/03/2023
Spoke with the household driver, who confirms the vehicle was turning left when the other car came through the junction. Police attended the scene and recorded the claimant as being in the vehicle at the time.

12/26/2023
The other driver's account matches the policyholder's description of how the impact happened. Witnesses and scene photographs are consistent with that same sequence.

01/15/2024
Claimant reports neck and back strain. The injury pattern described fits well with the kind and force expected from a side-on impact of this type.

03/04/2024
The claimant has added some smaller details in later calls, but the core account has stayed the same. No earlier injury to the neck or back is known to us.

05/01/2024
Treatment has followed a usual course, with visits tapering off as the claimant reported improvement. Counsel has asked for copies of the treatment records.

05/18/2024
Inspection shows damage to the left side of the vehicle. No earlier damage to the vehicle is known, but it is not yet clear whether all of the damage came from this impact.

05/23/2024
A repair estimate that predates the policy start shows this same damage already existed. Referred to the claims supervisor for review before any further decision is made.

06/02/2024
The driver lives with the policyholder and is covered as a household member under the policy. Coverage position remains under review pending resolution of the estimate question.

Recorded Statement

Claim number:	C-1227
Statement of:	Michael Wells
Taken by:	Christopher Wong
Date:	10/13/2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you already have it on the claim file.

Q: That's fine. For the record, we'll reference the claim file. Can you walk me through where you were when the collision happened?

A: I was in League City, heading toward a shopping center on the left side of the road. I had my turn signal on and was waiting for a gap in oncoming traffic.

Q: What happened next?

A: A vehicle coming from the opposite direction came through while I was already partway into the turn. It hit the front passenger side of my car. I didn't see it until it was too late.

Q: Was your vehicle movnig when the impact happened, or had you stopped?

A: I was moving slowly, maybe ten or fifteen miles an hour, still committed to the turn.

Q: Did you notice any injuries right away?

A: Not immediately. My neck started stiffening within an hour or so, and by that evening my lower back was sore and tight. I've been stretching and using a heating pad. It's been hard to sit for long periods.

Q: Have you sought any medical treatment?

A: Yes, I was seen at an urgent care clinic the next day. They diagnosed me with a neck strain and a lower back strain and told me to rest and follow up with my primary doctor.

Q: Is there anything else you'd like to add?

A: Just that I was trying to drive carefully, and I'm hoping the other driver's insurer will take responsibility for the damage. I'm willing to provide any records you need.

Q: Thank you. This concludes the recorded statement.
