Description of the accident (claimant's words)

I was making a left turn at an intersection in League City, Texas, when another vehicle struck the side of my car. I had the signal on and was moving slowly when the impact came, and I felt my neck snap sideways and my lower back jolt against the seat. After the collision I was sore and stiff, and I have since been treated for a neck and back strain. Looikng back over what happened, I have recalled a few more small details, such as the position of the other car and the traffic light, but the core of my account has not changed. I am the driver of this vehicle and I live in the same household as the policyholder, so I am listed as a covered member of the household under this policy.
