Claim Notes

Claim number:	C-1228
Claimant:	Karen Carrillo
Adjuster:	Christopher Wong

10-12-23

Claim reported by the claimant's representing attorney following a rear-end collision at a signalized intersection. The insured's vehicle was stopped when it was struck from behind by the other driver's vehicle. Policy verified and the driver is named on the policy.

11-9-23

Recorded statement taken from the claimant, who described the impact and the sequence of events. The account given matched what was reported at first notice of loss.

2-26-24

Police report obtained, which places the claimant inside the vehicle at the time of impact. Responding officers and two independent witnesses confirm the collision happened as described.

3-21-24

Photographs of the vehicle reviewed. The rear damage is consistent with the force and direction of the impact described by all parties. A repair estimate has been requetsed from the shop.

3-23-24

Claimant reports neck and upper back pain with symptoms consistent with whiplash. Medical records show the injruy is plausible for a crash of this type, and no prior treatment to the same area appears in the records or in the claimant's history.

4-6-24

Treatment reviewed. Care followed a typical course of physical therapy and follow-up visits, and frequency of treatment has reduced as the claimant's condition improved. Next scheduled review is set for the coming month.

5-6-24

A neighbor contacted the office and stated the vehicle looked damaged a few weeks before the reported loss. No prior damage to the vehicle is known from inspection, repair history or the other driver's account, so the statement is being noted and will be followed up with the shop's records.

Statement of:	Karen Carrillo

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision you reported in Pasadena, Texas. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's okay.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle that was struck from behind?

A: Yes, I was driving. I was stopped at a red light on the main road when I felt the impact.

Q: Where were you headed, and what was the traffic like at the time?

A: I was heading to the grocery store. Traffic was moderate, nothing unusual. The lgiht had been red for a while, and I'd come to a full stop.

Q: Did you see the other vehicle before the impact?

A: Not really. I checked my mirror just before I stopped, and it looked like it was still back a ways. Then there was a hard jolt from behind.

Q: Did you get out of your vehicle at the scene?

A: I got out to look at the car, but I didn't feel steady, so I sat back down until the police arrived.

Q: Have you sought medical treatment since the collision?

A: Yes. I went to an urgent care clinic that afternoon. They said I had whiplash. My neck is stiff, and I've had headaches and pain in my upper back.

Q: Are you currently receiving any treatment or taking any medication for those symptoms?

A: I'm seeing a physical therapist twice a week, and I take something for the pain when it gets bad. Sleeping has been hard too.

Q: Is there anything else you'd like to add to your statement?

A: Just that I'm trying to get back to normal. I didn't do anything to cause this, and I'm hoping this gets resolved soon.

Q: Thank you. This concludes the recorded statement.
