Claim Notes

Claim number:	C-1229
Claimant:	Meghan Green
Adjuster:	Valerie Rodriguez

January 22, 2025
The claimant reported a left-turn collision at an intersection and said a vehicle coming straight through struck the driver's side of their car. The claim was opened the same day and the file was assigned for review.

January 29, 2025
The driver is named on the policy, and the policy was in force at the time of the reported loss. Nothing in the underwriting file suggests the vehicle damage predates the coveage start.

April 3, 2025
Police attended the scene and confirmed the claimant was in the vehicle at the time. Two officers' notes are on file and they match the claimant's first account.

May 11, 2025
Photos taken at the scene confirm several details of the reported impact. The vehicle damage is consistent with the described angle and direction of the collision.

May 19, 2025
No independent witnesses have come forward, so the account rests on the claimant's statement, the photos, and the police report. No earlier damage to the vehicle is known from prior claims or inspection records.

May 21, 2025
The claimant reported neck pain shortly after the collision and was seen at an urgent care clinic. No earlier injury to the same body area is known from the medical history provided.

July 1, 2025
The claimant has since added a few small details to the account, such as the position of the signal and the speed of the other car. The core sequence of events has stayed the same across each retelling.

July 24, 2025
Treatment for the neck strain followed a usual course of physical therapy and medication. Reports show steady improvement, and the treatment has tapered off as the patient recovered.

August 25, 2025
It is not yet clear whteher the neck injury came from this crash, as the medical records and the timing of symptoms are still being reviewed. The file remains open pending the treating provider's causation opinion.

September 3, 2025
The claimant is not represented by an attorney and has been dealing with the adjuster directly. The file will be reviewed again once the remaining mdeical records are received.

Recorded Statement

Claim number:	C-1229
Statement of:	Meghan Green
Taken by:	Valerie Rodriguez
Date:	January 22, 2025

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you were involved in while driving in Sugar Land, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the address where you currently receive mail.

A: I'd rather just say I'm the driver of the car that was hit. I can give you my mailing address if you need it.

Q: That's fine, we'll note the address on file. Can you walk me through what happened?

A: I was making a left turn at an intersection with a green light, or what I believed was a green. I was going slowly because traffic was heavy. Then a veihcle coming from the opposite direction hit the front passenger side of my car.

Q: Did you see the other vehicle before the impact?

A: Not really. I looked before I turned, but it seemed clear. I think it came up fast on the other side of the median.

Q: Were you able to stop or steer away?

A: No, there wasn't much time. It all happened in a second or two.

Q: Did anyone get hurt, and have you sought medical attention?

A: My neck hurts quite a bit, mostly stiffness and a dull ache going into my shoulders. I went to an urgent care clinic that same day. They said it looked like a neck strain and gave me a prescription for pain relief and told me to rest it.

Q: Are you still having symptoms now?

A: Yes, I still get stiffness when I turn my head, and it's worse in the mornings. I've been doing some gentle stretches the doctor suggested.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: Only that I want my car taken care of properly. It's been a hassle getting a rental arranged.

Q: Understood. This concludes the recorded statement. Thank you.

A: Thank you.
