Description of the accident (claimant's words)

I was making a left turn at an intersection in Sugar Land, Texas, when another vehicle struck the side of my car. I had slowed nearly to a stop and had my turn signal on before I started across the lane. The impact threw my head sideways and I felt a sharp pain in my neck right away, along with stiffness that has continued since. I have been seeing a doctor for a neck strain. Since first reporting the incident, I have remembered a few minor details, such as the other driver's position and the traffic light color, but the core of what happened has not changed. I am the named driver on this policy and I am submitting this statement to support my claim.
